- Family Medical Care (FMC) is a Health Center Program grantee under 42 U.S.C. 254b, and a deemed Public Health Service (PHS) employee under 42 U.S.C. 233 (g)-(n). FMC receives HHS funding and has Federal PHS deemed status with respect to certain health or health-related claims, including medical malpractice claims, for itself and its covered individuals. FMC is financed with Federal dollars from the Department of Health & Human Resources (HRSA), State dollars, and nongovernmental sources, and is being presented with financial assistance as a grant from the WV Department of Health & Human Resources.*

MESSAGE FROM OUR BOARD CHAIR

Friends of CHANGE, Inc.,

As we all know, 2020 was a unique and challenging year. However, despite being presented with numerous challenges, CHANGE, Inc. was able to serve over 25,600 people while offering 230,559 units of service.

One of the greatest undertakings was to alter the way the agency delivers services. To address this issue, a transition took place that enabled CHANGE, Inc. to offer virtual help in lieu of in-person appointments and the launch of tele-medicine took place as well. CHANGE, Inc. also successfully introduced COVID-19 testing. Often, the necessary changes and tasks seemed to almost take over day-to-day operations but as always, management and staff resolutely rose to meet the needs. Further recognizing community needs, CHANGE, Inc. strengthened current partnerships and created new relationships with local health departments, Emergency Management Offices, school districts and local businesses in an effort to address the needs of our residents.

CEO Judy Raveaux, the volunteer Board of Directors, and staff are continually dedicated to CHANGE, Inc.'s mission, which is to "encourage the integration of services, the building of partnerships, and the coordinating of resources to empower families towards healthy self-sufficient living." This dedication was fully illustrated by the agency's performance during 2020 and its introduction of vaccine clinics in 2021.

While 2021 will offer continued challenges, the entire team endeavors to serve the needs of the residents of Northern West Virginia and Jefferson County, Ohio.

Sincerely,

Lisa Werner

HISTORY OF CHANGE, INC.

CHANGE, Inc. (Christians Helping Arrange New Growth Enterprises) was formed in 1983 by a handful of clergy members who wished to aid families affected by layoffs from Weirton Steel find new employment. Since that time, we have grown into a full-circle agency addressing many of the needs of the economically disadvantaged. With over 35 years of operation, the belief of empowering families is still strong.

Community Action Agencies were created through the Economic Opportunity Act of 1964, are funded in-part by the Community Services Block Grant, and serve over 16.2 million people annually, leveraging funds from all sectors to provide support, services, facilities and improvements in communities.

Community Health Centers provides comprehensive care, including physical, behavioral, dental and vision to Americans regardless of their income or insurance coverage. Health centers provide substantial benefits to their communities, and save the national health care system over \$24 billion a year, by helping patients avoid emergency rooms and making better use of preventive services.

CHANGE, INC.
